Flowchart Student Complaints Procedure

1. **What is the purpose of this Procedure?**

At the University of Salford, we strive to achieve the highest standards in provision of services but recognise that concerns or complaints may arise from time to time. This Procedure outlines the process to follow to raise complaints and the process through which these will be considered.

2. **Who does the Procedure apply to?**

The Procedure applies to students who are registered with us, or to those who have recently finished their studies, as long as complaints are raised within the timeframe specified in the Procedure.

If you are an apprentice, then you should follow this Procedure if you wish to raise a complaint relating to your Apprenticeship Programme, or the facilities and services provided by the University. In addition, you may, at any time, contact the National Apprenticeship Helpline to escalate your complaint to the Education and Skills Funding Agency (ESFA) through the apprenticeship helpdesk (on 08000 150400 or email nationalhelpdesk@apprenticeships.gov.uk).

If you are studying at a collaborative partner institution, then you should raise any complaints or concerns through your provider's complaint procedure in the first instance. However, if you remain unsatisfied with the provider's response to your complaint, you have right to complain to the University. You can find further information on how to do this in Appendix A.

3. **What is a complaint?**

A complaint is an expression of dissatisfaction by one or more students about the University's action or lack of action, or about the standard of service provided by the University. Examples of matters that would be considered under this Procedure include:

- The quality and standard of a service provided by the University, including learning and teaching provision, advice, resources and facilities;
- Failure to follow a process or procedure;
- Unfair treatment or inappropriate behaviour by a member of staff.

Matters which are governed by other Procedures, or where services are governed by different complaints processes, cannot be considered through this Procedure. Further details are provided in Appendix B.

Where your concern is of a general nature, it may be more appropriate for the matter to be taken up through the appropriate School Staff/Student Committee representative or to the relevant member of staff e.g. module or programme leader.

A complaint differs from an academic appeal because an academic appeal is a request for a review of a decision made by an Assessment Board regarding student progression, assessment and award. The Student Complaints Procedure cannot change a decision made by an Assessment Board or be used to change marks awarded by an Assessment Board. See Appendix B.

4. **What is the process and what timescales apply?**

The complaints procedure has three stages:

- Stage 1 (first stage response)
- Stage 2 (formal investigation stage and response)
- Stage 3 (review stage and response)

Informal resolution is possible at any stage of the procedure with the agreement of all parties. A shorter two stage process may be agreed in specific circumstances. Where an alternative process is agreed, information will be provided on the website at: <https://www.salford.ac.uk/governance-and-management/student-facing-policies-and-procedures>.

The University sets timescales for each stage of the Procedure to ensure that appropriate investigations can be undertaken. In exceptional circumstances, extensions to timeframes will be considered through the Quality Management Office, for example complaints relating to sexual misconduct/harassment would normally be accepted without a deadline.

Stage 1 Timescale

A complaint must be raised within 20 working days of the event or circumstances which are its cause. If the complaint relates to a series of connected events, the complaint should normally be notified within 20 working days of the most recent event.

Stage 1 Process

You should make initial contact with the relevant member of staff who is responsible for the matter being complained about. For example, if the complainant refers to an academic matter, the first point of contact would normally be the module or programme leader. If this is not possible, you should contact your School Office or the Quality Management Office for advice about the best point of contact. You will need to provide information about what has happened, including specific examples, the action or outcome you are seeking and provide any relevant evidence or documents to support your complaint.

The Stage 1 review will normally be concluded within 15 working days of receipt of the complaint and you will be informed of the outcome in writing. If there is a delay in the process you will be informed, and a reason provided.

All Schools/Professional Services are required to keep a record of Stage 1 complaints to enable themes and trends to be monitored.

In exceptional circumstances, it may be appropriate for complaints to progress directly to Stage 2 of the Procedure without first attempting resolution at Stage 1. Guidance must be sought from the Quality Management Office in such cases. Examples of when this might be appropriate include complex complaint issues which may require a longer period of investigation.

Stage 2 Timescale

If, having received a response at Stage 1 of the Procedure, you believe there are reasonable grounds for dissatisfaction, you can progress to Stage 2. A Stage 2 complaint must be submitted 10 working days from the date on which the Stage 1 response was provided.

Stage 2 Process

A Stage 2 complaint must be submitted in writing, using the [stage 2 complaints form](#) which should be sent, along with any associated evidence, to complaints@salford.ac.uk.

Upon receipt, the Quality Management Office will consider if the matter is appropriate for review through at this Stage. If it is appropriate for the complaint to progress, the Quality Management Office will normally forward the complaint to the relevant Dean of School/Director of Professional Service (or nominee) for investigation. If it is not possible to process the complaint further, you will be advised in writing within 10 working days. The Quality Management Office logs all incoming formal complaints and monitor timescales for review.

The Dean of School/Director of Professional Service (or nominee) may either investigate the matter raised themselves or appoint an independent person to investigate your complaint. You will be advised of the name and contact details of the investigator.

The investigator will investigate the complaint and will normally produce a report with evidence for the Dean of School/Director of Professional Service (or nominee) to consider using the [Investigator's Report Template](#). It is anticipated that reviews of most Stage 2 complaints will be completed **within 30 working days** of the appointment of an investigator. If there is any delay in the process (i.e. if the review is not completed within 30 working days), you will be informed, and a reason provided.

On receipt of the investigator's report, the Dean of School/Director of Professional Service (or nominee) will decide whether the complaint should be upheld, partially upheld or rejected and send you an outcome letter which including a rationale for the decision and any actions required. Where an investigator's report is available, you will receive a copy. In some instances, the outcome letter will incorporate details of the investigation findings.

A copy of the complaint outcome will be logged within the School and forwarded to the Quality Management Office.

Stage 3 Timescale

If, having received a response at Stage 2 of the Procedure, you can demonstrate that there are grounds for dissatisfaction, you can progress to Stage 3. A Stage 3 complaint must be submitted within 10 working days of the date on the response to the Stage 2 complaint.

Stage 3 Process

The request for review should be submitted using the [Stage 3 Complaint Form](#) and submitted along with any associated evidence via e-mail to complaints@salford.ac.uk.

A stage 3 review can be requested on one or more of the following grounds:

- that there was a procedural irregularity at Stage 2 of the Student Complaints Procedure which has materially disadvantaged the student;
- the emergence of new and relevant evidence which, for good and reasonable cause, was not available during Stage 2;
- that evidence is available to show that the outcome reached at an earlier stage was unreasonable. In this context, unreasonable shall be taken to mean perverse, i.e. that the outcome was not a possible conclusion which a similar hearing or process of consideration might have reached.

No new issues of complaint may be introduced at Stage 3.

On receipt of a Stage 3 complaint, the Director of Academic Quality (or nominee) will review the document to determine whether the request for review is valid, based on the grounds for review stated above.

If the request is deemed invalid, you will be advised in writing, normally within 10 working days of receipt of the request. The letter will advise that internal University procedures in relation to the complaint have been concluded and details of the scheme of the Office of the Independent Adjudicator provided (see below).

If the request is deemed valid, a Stage 3 Complaint Review Panel will be convened, will normally within 20 working days, to review the matter further. If there are any delays, you will be informed, and a reason provided.

Review Panel

The Panel will consist of:

- A senior manager of the University not party to the complaint (Chair of the Panel);
- A member of academic staff from a School other than that of the student or a member of professional services staff not party to the complaint;
- A representative of the Students' Union.

Panel meetings will be serviced by a member of staff from the Quality Management Office.

You will be invited to attend the meeting along with the relevant Dean of School/Director of Professional Service (or nominee).

Documentation Required for the Review

As a minimum the following documentation will be provided to the Panel meeting:

1. the Stage 3 complaint form and any associated documentation;
2. the Stage 2 complaint, Stage 2 outcome letter, investigator's report.

Documentation will be circulated to all parties at least 5 working days before the Panel meeting.

Procedure Followed at Stage 3 Panel Hearing

The process which will normally be followed during the meeting is available in Appendix C.

You will normally be advised of the outcome after the Panel has considered evidence. It will also be communicated in writing to you, normally within 5 working days. If any aspect of the complaint is upheld or partially upheld, the Panel will consider possible means of redress. Exceptionally the Chair of the Panel may need to undertake further consultation before a final decision can be reached. The written response shall state whether the complaint has been upheld, partially upheld or rejected. If the complaint is not upheld or partially upheld, the outcome letter will constitute a 'completion of procedures' letter.

5. What if I'm dissatisfied with the University's final decision?

The 'completion of procedures' letter will explain that if a student remains dissatisfied at the conclusion of the University's internal complaints procedure, they may ask the [Office of the Independent Adjudicator for Higher Education](#) (OIA) to review the complaint outcome. This will require completion of an OIA scheme application form upon receipt of the 'completion of procedures' letter. The scheme application form must be submitted within twelve months of the date that the completion of procedures letter was issued. The OIA website provides further information regarding the scheme and its

eligibility criteria.

Independent advice about submitting a complaint for review to the OIA is available through the Students' Union.

In addition, to the OIA, apprentices may also escalate their complaint to the ESFA through the apprenticeship helpdesk (on 08000 150400 or email nationalhelpdesk@apprenticeships.gov.uk).

6. Where can I get advice and information?

Independent advice about the Student Complaints Procedure is available from the Students' Union Advice Centre. For further details see <http://www.salfordstudents.com/advice>.

General information on the operation of the Procedure is available from the Quality Management Office (complaints@salford.ac.uk) or askUS.

7. Can I make an anonymous complaint?

Anonymous complaints will normally not be dealt with under this Procedure. Exceptionally, an anonymous complaint may be considered if the University determines that there is a compelling case, supported by evidence, for the matter to be investigated. You should be aware that in most circumstances, raising a concern anonymously may hinder an investigation and communication of any outcome. If you are concerned about protecting your anonymity, you may wish to contact the Students' Union Advice Centre who may be able to make initial enquiries for you.

8. Can someone else make a complaint on my behalf?

Complaints which are made by a third party (including parents, guardians or friends of registered students) can only be dealt with under this Procedure if you have provided permission in writing. You can give authority for a third party to pursue a complaint on your behalf. You will need to complete a [third party consent form](#) and return this to the Quality Management Office.

9. Can I submit a complaint directly to the Vice-Chancellor?

If a complaint is made directly to the Vice-Chancellor, or any other senior manager who is not a designated post holder within this Procedure, the complaint will be passed to the Quality Management Office where staff will ensure that the complaint is referred to the most appropriate person in line with this Procedure.

10. What if a group of students wishes to make a complaint?

Complaints by a number of students can be dealt with as one collective group complaint in the following circumstances:

- We are satisfied that all issues raised apply to all students named in the complaint. Issues affecting individuals personally would need to be progressed outside the group complaint.
- The case is conducted through a lead student to facilitate the progress of the complaint identified on a [group complaint consent form](#). We will normally only communicate with the lead complainant but there may be occasions when we need to contact others within the group.
- The names of all students who wish to bring the complaint forward are notified to the University on a [group complaint consent form](#).

11. Who gets to see information about my complaint?

The University adopts the principle of releasing information only to those who need it

for the purposes of investigation or responding to the complaint. The University has to balance the respective rights of students and staff. Where a member of staff is named in a complaint, that individual is entitled to know what is being claimed and who is making the complaint. This information is shared with the staff member either through informal communication (typically at stage 1) and/or by providing them with a copy of the complaint (typically at stages 2 and 3). Members of staff named in a complaint have the right to respond through this Procedure. Further information is available [here](#).

Whilst you will be notified of the outcome of your complaint, if you have made a complaint about a member of staff, it may not be appropriate to share specific details affecting the staff member, particularly where disciplinary action is being taken.

12. What do I need to know about evidence?

It is important to provide evidence to support the complaint you are raising but be aware that the University will not normally accept the use of covert audio or video recordings (recordings made without the knowledge of another individual) as evidence to support a complaint.

Where evidence related to third parties is submitted in evidence (including GP letters, hospital communications etc) the University reserves the right to seek to confirm the authenticity of the evidence including, but not restricted to, contacting those third parties named.

13. What if I am a disabled student and need reasonable adjustments to enable me to engage with this Procedure?

If you identify individual needs, reasonable adjustments may be made to the Procedure. Please contact the Quality Management Office via complaints@salford.ac.uk.

14. I'm concerned that I may be treated unfairly if I submit a complaint, what can I expect?

The University will ensure you will not be treated less favourably because you raised a complaint through this Procedure.

15. What standards of behaviour does the University expect from students using the Procedure?

The University expects all students to comply with the standards of behaviour set out in the [Student Code of Conduct](#) at all times. During the complaints process, the University expects all parties to act reasonably and fairly towards each other and treat the process with respect. Where students (or supporters) demonstrate behaviour deemed to be aggressive, offensive or abusive during this process, consideration of complaints will be terminated.

16. Do I need to attend meetings associated with this Procedure?

All parties (students and staff) are encouraged to attend all meetings convened under this Procedure and to engage with any investigations. Attendance by video link or other technology may be considered if 5 working days' notice is provided.

At stage 3, if you (or a member of staff) does not attend a meeting without providing good reason in advance, the Chair may decide that the meeting can proceed. In this instance, the complaint will be considered on the basis of the evidence available at the time of the hearing (both written information and that provided by those attending the meeting).

If, for good reason, any party (student or staff member) is unable to attend a hearing,

then either a request may be made to defer the meeting until a later date. A request to defer the meeting may only be made on one occasion.

You are responsible for paying any costs incurred and those of any supporter to attend meetings.

17. Can someone else attend meetings with me?

All parties (students or members of staff) can be accompanied to meetings and hearings arranged through this Procedure. Additional information about supporters, representatives and witnesses is available [here](#). Guidance about legal representation is available [here](#).

18. Can I record meetings held through this Procedure?

The audio recording of meetings held under this Procedure is not permitted, subject to such reasonable adjustment unless agreed by the University where required under the Equality Act 2010.

19. What if I initiate legal proceedings in relation to a complaint?

If you bring legal proceedings against the University which may be relevant to their complaint, the University will normally suspend consideration of the complaint until written confirmation of these proceedings are received. If the matters complained about are disposed of in those proceedings, then the University will normally terminate consideration of the complaint.

20. What if a post holder specified in this Procedure is unable to take action?

If any post-holder of the University who is specified in this Procedure (the Specified Post-holder) for any reason declines, fails or is unable to take action that is their responsibility under this Procedure, then the Director of Academic Quality is able to approve the appointment of a substitute who will be as close as possible to the specified post holder in terms of their position within the University.

21. What burden of proof is used in decision making through this Procedure?

When a complaint is considered through this Procedure, you are responsible for providing evidence and information to support your complaint. In reaching a decision about a complaint, the University will consider all available evidence and information and reach a decision on the balance of probabilities.

APPENDIX A: Information for students studying at a collaborative partner institution

Complaints about services provided by collaborative partners or other organisations involved in delivery of a student's programme will need to be pursued with the relevant collaborative partner or organisation through the partner/organisation's complaints procedure.

Students studying with organisations where awards are conferred by the University have an ultimate right of appeal to the University in the case of issues which impact on a student's programme of study.

Therefore, if students are dissatisfied with the outcome once they have exhausted all stages of the complaints procedure at the partner organisation, they have a right to appeal to the University for a review of their complaint at Stage 3 of the University's Student Complaints Procedure.

The University of Salford will only accept requests for review if the complaint relates to academic related complaints e.g. programme delivery, teaching, feedback and learning resources. The University can only review matters which have already been considered at an earlier stage through the partner or organisation's complaints procedure.

In the case of joint awards, students are advised to seek clarification on which complaints procedure they should follow from their Programme Handbook.

APPENDIX B: Matters which cannot be considered through the Student Complaints Procedure

- have already been considered or which are outside the scope of the Procedure;
- are made without providing relevant or appropriate information;
- are malicious, vexatious, frivolous, repetitive or harassing;
